Certification Fees

NICS offers a choice of two competitive fee schedules, which allows you to choose the certification fee option that best benefits your operation. Option 1 (noted below) is commonly known as the 'user fee system', which is based on the gross amount of organic sales and is reported and paid on a quarterly basis (.5% of gross organic sales). Option 2 (noted on page 2) is the 'sliding scale/flat rate fee system', which is based on your previous year's organic sales (12 continuous months). Feel free to contact the office if you would like to discuss the benefits of each option.

Option 1 – Livestock Certification (Base plus user fees)	Box 1
Certification Fee	\$450.00
Inspection Fee Deposit <i>(This is just a deposit; all inspections are billed at actual cost minus this deposit.)</i>	\$350.00
User Fees .5% of organic sales (reported quarterly)	
Total Fees Due with Paperwork	\$800.00

Option 2 - Certification Fees (Base without User Fees)

Option 2 is for: a) new producers transferring to NICS who have been certified during the previous 12 months (continuously) with another agency; or b) updating NICS producers who have been certified for a minimum of 12 months and would prefer to not report quarterly sales and to not pay quarterly user fees. This fee option is called a 'sliding scale/flat rate' fee. Take your gross sales from the last 12 months and go to the line below in columns 1 and 2, find your range, then go over to column 3 for the base crop fee. Take the base crop fee and enter that in the Option 2 - Certification Fee (Box 2 - line 1) on page 1. *The main reason to choose this fee option is to avoid quarterly user fee billings.*

Note: Once you choose option 2, you cannot go back to option 1. Call the office with questions.

\$400,000	\$499,999	\$2450
Producers with gross income over \$500,000		Producer pays \$2,450 plus .15% (.0015) on sales over \$500,000 with a maximum annual certification fee of \$10,000.

User Fees - (reported quarterly based on actual sales as noted below)

Producer user fees for Option 1 Certification Fees: are .5% (.005). This equals \$5/\$1000 of gross organic sales. When a producer reaches \$350,000 of organic sales, the user fee rate drops to .15% (.0015) for organic sales over \$350,000. Gross organic sales are to be reported to the office on a quarterly basis with applicable user fees payable at that time, unless the Transaction Certificate System is used (*in which case the user fee is to be paid with the TC billing*).

On-farm processor/handler user fees: are .5% (.005) of gross organic sales for/from the farm, including all organic sales of any value-added (processed) organic goods. At \$350,000 of sales, the user fee drops to .15% (.0015).
