Annual Certification Fees – Livestock Producers

As part of the certification process, annual certification, inspection, and user fees are assessed, as applicable, to your operation. All fees, including any add-on expedited (see page 4), or reinstatement fees (see definition on page 6), are to be paid as part of the certification process. NICS offers a choice of two competitive fee schedules (explained below), which allows you to choose the certification fee option that best benefits your operation. Both options include a "Base Certification Fee" and "User Fees" based on your gross organic sales and/or services. Option 1 "User Fees" are based on your gross organic sales and/or services in the current year and is reported and paid on a quarterly basis. Option 2 "User Fees" are based on your previous year's gross organic sales and/or services (12 continuous months) and is a one-time payment submitted with your application fees. Once you choose Option 2 you cannot go back to Option 1 without approval and settlement of User Fees.

Option 1 – Livestock Certification Fees

Base Certification Fee:	\$550.00	User Fees: Reported and paid quarterly . This fee is based on actual gross sales and/or services, as noted below.
September 1 Base Certification Fee*: <i>*Applicable fee for new NICS clients after September 1 (See Fee Worksheet)</i>	\$1,375.00	

Option 1 User Fees are .6% (.006) of all gross organic sales and services. This equals \$6 for every \$1000 of gross organic sales and services. The User Fee rate drops to .15% (.0015) for any gross organic sales and services over \$350,000 with maximum annual User Fees of \$10,000. Gross organic sales and services are to be reported to the office on a quarterly basis with applicable User Fees payable at that time, unless the Transaction Certificate System is used (in which case the User Fees are to be paid with the TC billing). You will receive a quarterly reporting form and must report within 30 days (even if you have NO organic sales). Failure to report sales may result in a noncompliance.

Option 2 – Livestock Certification Fees

Base Certification Fee:	\$550.00	User Fees: Reported and paid annually with paperwork. This fee is based on previous year's gross organic sales and/or services. Use the "Gross Income from Sales of Certified Products" table below to calculate and include these fees with your Certification Fee.
September 1 Base Certification Fee*: <i>*Applicable fee for new NICS clients after September 1 (See Fee Worksheet)</i>	\$1,375.00	

Option 2 User Fees are only for an updating NICS producer or a producer transferring to NICS from another certification agency who has been certified for a minimum of 12 continuous months and would prefer to report and pay annually rather than quarterly. Option 2 allows you to take your gross organic sales and/or services from the last 12 months and calculate your User Fees using the table below. Use the table below to locate the range of your gross organic sales and/or services to determine your annual User Fees. User Fees must be reported and paid with your Certification Fees and submitted with annual paperwork.

Gross Income from Sales of Certified Products

Sales of at least	Sales no more than	Option 2 Annual User Fee		Sales of at least	Sales no more than	Option 2 Annual User Fee
\$0	\$4,999	\$30	Option 2 Base Certification Fee + Option 2 Annual User Fees = Total Option 2 Certification Fees	\$100,000	\$124,999	\$750
\$5,000	\$9,999	\$60		\$125,000	\$149,999	\$900
\$10,000	\$14,999	\$90		\$150,000	\$174,999	\$1,050
\$15,000	\$24,999	\$150		\$175,000	\$199,999	\$1,200
\$25,000	\$34,999	\$210		\$200,000	\$224,999	\$1,350
\$35,000	\$49,999	\$300		\$225,000	\$249,999	\$1,500
\$50,000	\$64,999	\$390		\$250,000	\$299,999	\$1,800
\$65,000	\$79,999	\$480		\$300,000	\$399,999	\$2,175
\$80,000	\$99,999	\$600		\$400,000	\$499,999	\$2,325
Producers with gross organic sales and/or services over \$500,000					\$2,850 plus .15% (.0015) on all gross organic sales and/or services over \$500,000 with a maximum annual fee of \$10,000.	

Annual Inspection Base Fees – Livestock Producers

Option 1 Inspection Base Fee:	\$400.00	Option 2 Inspection Base Fee:	\$400.00
--------------------------------------	-----------------	--------------------------------------	-----------------

Option 1 Inspection Base Fee: Both Option 1 and Option 2 require an Inspection Base Fee to be submitted with the Certification Fees. Total inspection costs include the base fee, applicable inspection expenses, plus a \$45 administrative fee added to the total inspection costs billed by the inspector to NICS. Once we receive the billing for your inspection, we will invoice you for your inspection expenses and administrative fee.

Annual Discounts Offered – Livestock Certification Fees

Early Bird Certification Discount*	Veteran's Certification Discount
Complete Application received by February 1, 2022**	Annual Certification Discount
-\$50.00	-\$75.00
Complete Application received by March 1, 2022**	<i>Any operation that can exhibit ownership by military veterans qualify. Evidence of veteran status is required.</i>
-\$25.00	
* Returning NICS Operations only	
** May be reverted if fees are not paid in full by May 1, 2022	

A complete application must include all items according to the enclosed check list and full fees. If the applicable checklist items are not received, the Early Bird Discount will not be given. The above discounts apply only to Certification Fees.

Annual Add-On Fees – Livestock Certification Fees

Farm-Owned Processing/Handling Scope & Maple Syrup Certification and Inspection Base Fees			
Farm-Owned P/H Scope Certification Fee:	\$300.00	Farm-Owned P/H Scope Inspection Fee:	\$100.00
Maple Syrup Certification Fee:	\$75.00		

A Farm-Owned P/H Scope certification fee (excluding maple syrup) applies to any certified organic operation which processes or handles organic products intended for organic sale and the operation needs to carry both classes of certification (i.e., a farm and a processor certification). Certification and Inspection Fees for Farm-Owned P/H Scope are assessed as an addition to the Option 1 or 2 Certification, Inspection, and User Fees outlined above.

Maple Syrup certification requests are not required to pay Farm-Owned P/H Scope Fees or Inspection Fees but are required to pay the Maple Syrup Certification Fee (no additional Inspection Fee) as an addition to the Option 1 or 2 Certification Fees and User Fees outlined above. Please contact the office with any questions.

Multi-Site Operations Certification and Inspection Base Fee			
Multi-Site Fee for EACH location over 25 miles or for every additional 5 locations:	\$150.00	Inspection Base Fee for EACH location over 25 miles or for every 5 locations:	\$150.00
Expedited Services			
Expedited Livestock Certification			\$1,100.00

NICS offers a nonrefundable expedited certification service for those operations who have critical timing needs. While expedited services do not guarantee certification will be granted by a specified date, your certification request will receive priority processing and inspection assignment. The success of the expedited service lies in your ability to comply with the National Organic Program and your timely responses to requests for information. Please feel free to contact the office if you have any questions.

"In Nature there is abundance, with Nature there is success"

Additional Service Fees

The following additional service fees may be applicable to your operation and are nonrefundable fees based upon the frequency indicated. See Fee Definitions located below the table for more information about each individual fee. NICS reserves the right to charge additional fees, as applicable, for administrative and certification related services not specifically listed, and will be such additions will be charged at a rate of \$110/hour.

Fee Type	Fee Amount	Fee Frequency
Uncertified Applicant:	\$150	One-Time
September 1 Certification Fee:	\$825	One-Time
Administrative Fee:	\$110	Per Hour
Returned Check Fee:	\$30	Each
Noncompliance Fee for Annual Updated Paperwork & Fees:	\$200	Per Month
Late Paperwork Fee:	\$100	Per Month
Reinstatement Fee:	\$1,500	One-Time
Inspection Cancellation:	\$150	Each
Mediation Fee:	\$750	One-Time
Settlement Agreement Verification Fee:	\$200	Annual
Transaction Certificates (Import/Export of Goods)	\$110	Per Hour
Interest	1.5%	Monthly

Fee Definitions

Uncertified Applicant: This nonrefundable fee covers the additional administrative costs incurred by NICS when processing and evaluating an application for certification from an applicant who is not currently certified organic. This fee is required whether organic certification is ultimately granted or not.

Administrative Fee: Administrative Fees are assessed at a rate of \$110/hour for services such as, but not limited to: label review, adding additional products or services to an organic certificate, land adds after inspection, or other services provided outside of the normal scope of the annual certification process. Contact the office for more information.

Returned Check Fee: A returned check for non-sufficient funds is subject to a \$30 fee which includes the fee NICS is charged by our bank and NICS processing fee.

Noncompliance Fee for Annual Updated Paperwork & Fees: Annual update certification paperwork and applicable fees are due in the NICS office yearly by May 1. After May 1, noncompliance proceedings will begin, and a \$200 fee will be assessed. Contact the office or refer to the NICS Certification Manual for more information about annual certification requirements.

Late Paperwork Fee: Late Paperwork Fees are assessed monthly beginning June 1 if annual update certification paperwork and applicable fees have not been received in the NICS office. Contact the office or refer to the NICS Certification Manual for more information about annual certification requirements.

Reinstatement Fee: A reinstatement request often demands the dedication of considerable staff hours. Therefore, those operations who are in need of reinstatement to the National Organic Program are assessed a nonrefundable Reinstatement Fee which covers staff

time that is not considered part of a normal certification request. This fee is in addition to the certification fee and inspection deposit. Costs above inspection base fee are billed separately.

Inspection Cancellation Fee: If a scheduled inspection is canceled within one week (7 days) of the set inspection date, NICS reserves the right to charge a \$150 cancellation fee. Inspections canceled outside of the one-week window may be subject to additional travel cost. Please contact the office if you feel your inspection needs to be canceled so we may reschedule your inspection.

Mediation Fees: In response to a Denial of Certification, Notice of Proposed Suspension, or Notice of Proposed Revocation, an applicant or certified operation may submit a written request for mediation as a means of resolving an adverse action. A mediation request must be accompanied by the prescribed mediation fees in order to cover NICS' administrative costs associated with mediation. Additional costs incurred during the course of mediation, such as the hiring of an outside mediator, are assumed by the applicant or certified operation, no matter the outcome of mediation. Additional administrative fees may apply as applicable. Contact the office or refer to the NICS Certification Manual for more information about mediation.

Settlement Agreement Verification Fees: Successful mediation will result in the certified operation and NICS entering into a Settlement Agreement, wherein both parties agree to certain terms ensuring continued certification. Verification that the terms of a Settlement Agreement are being met requires additional administrative capacity and is therefore subject to a \$200, minimum, Settlement Agreement fee for each year the Settlement Agreement is being verified through inspection. Additional administrative fees may apply as applicable.

Transaction Certificates (Import/Export of Goods): Transaction certificates relating to the import/export of organic goods are load specific documents which validate your shipment(s) of certified organic products to international markets. Many countries require transaction certificates to import into their country. Sometimes transaction certificates are requested by the buyer and may or may not be required. NICS charges for the creation and issuance of transaction certificates for exported goods. Countries which may require transaction certificates include, but are not limited to, the following: Korea, Switzerland, Japan, and countries affiliated with the European Union.

Interest: You have a 30-day interest-free period for fees charged, provided you have paid your previous balance in full. Balances past 30 days will be charged 1.5% monthly on the 6th day of each month.

Refunds

Producers wishing to withdraw their application or surrender their certificate may be eligible for a partial refund of annual Certification and Inspection Fees. Refunds, if applicable, will be pro-rated based upon the stage of the application at the time of the request (stages noted may not be performed in order listed within the table below). Please see the table below for minimum charges associated with each stage and contact the office if there are questions. Refunds, if applicable, will be issued once all associated charges, including inspection-related costs as applicable, have been calculated. Additional charges prior to refund may apply for add-on services requested, not included in the chart below. Finally, operations must be current with their user fee reporting; therefore, all gross organic sales must be reported, even if no sales have occurred, and paid, as applicable, to the office prior to refund processing.

Minimum Applicable Charges prior to Refund (Stage Charges against Certification/Inspection Fees)	Crops \$400/\$350	Livestock \$550/\$400	Poultry \$525/\$400	Processing/ Option 2
a. Administration Stage	\$110.00 (\$110/\$0)	\$147.50 (\$147.50/\$0)	\$141.25 (\$141.25/\$0)	¼ Cert Fee
b. Initial Review Stage	\$110.00 (\$110/\$0)	\$147.50 (\$147.50/\$0)	\$141.25 (\$141.25/\$0)	¼ Cert Fee
c. Inspection Stages (2 stages to consider)				
i. Inspector assigned	\$200.00 (\$50/\$175)	\$268.75 (\$68.75/\$200)	\$265.63 (\$65.63/\$200)	½ of a ¼ of Cert Fee plus ½ Inspection Fee
ii. Inspection Completed (plus cost of inspection, may include cancellation fee and associated inspection expenses)	\$200.00 (\$50/\$175)	\$268.75 (\$68.75/\$200)	\$265.62 (\$65.62/\$200)	½ of a ¼ of Cert Fee plus ½ Inspection Fee
d. Final Review Stage	\$80.00 (\$80/\$0)	\$117.50 (\$117.50/\$0)	\$111.25 (\$111.25/\$0)	¼ Cert Fee

**2022 Fee Estimate
 Worksheet for Certified
 Grassfed Add-On Services**

"In Nature there is abundance, with Nature there is success"

"Certified Grass Fed" Add-On Services

In addition to organic certification under the National Organic Program (NOP), NICS is pleased to offer our services in support of two (2) unique, add-on certifications intended to satisfy growing market demand for third-party verification of grass-fed claims. Inspection services are now being offered for operations pursuing certification under the American Grassfed Association (AGA) Certification Program, while inspection and certification services are available to operations seeking certification under the Organic Plus Trust (OPT) Grass-Fed Organic Livestock Program. Please learn more about each program below and feel free to contact the NICS office with any questions. Inspections for add-on services may be scheduled to run concurrently with your annual organic inspection, as applicable.

American Grassfed Association (AGA) Certification Program

The AGA Certification Program is open to both organic and non-organic producers of ruminants, for both dairy and meat, as well as pastured pork growers. Producers interested in applying for AGA Grassfed certification must first contact AGA at (877) 774-7277 to become members. Membership dues may apply. Once membership is finalized and you are issued a member number, then NICS may schedule your inspection. Under the AGA Grassfed Program, NICS provides inspection services only, and the AGA itself retains the final authority to grant or deny certification. Operations currently certified organic by NICS are eligible for a discounted inspection fee, even if their livestock is not certified organic. Please contact NICS or the AGA directly for more information about AGA Grassfed Program, its standards, or the application process.

Add-on Inspection Fee for operations currently certified organic by NICS: **\$300**
This option includes operations who are certified organic by NICS.

Add-on Inspection Fee for operations not currently certified organic by NICS: **\$400**
Billable expenses such as mileage, dining, and/or lodging may apply. Contact NICS for additional information.

Organic Plus Trust (OPT) Grass-Fed Organic Livestock Program

The Organic Plus Trust (OPT) Grass-Fed Organic Livestock Program is built upon a foundation of NOP certified organic livestock production and is therefore open to ruminant producers, both dairy and meat, whose livestock are either currently certified organic or transitioning to organic certification. Unlike the AGA Grassfed Program, the OPT Grass-Fed Organic Livestock Program does not have standards which cover pastured pork production. Producers interested in applying for OPT Grass-Fed certification should contact NICS to obtain an OPT Grass-Fed Supplement to their Livestock Organic System Plan. The OPT Grass-Fed Supplement must be completed and returned to the NICS office along with applicable fees prior to your inspection. OPT Grass-Fed inspections are intended to run concurrently with a NICS' certified organic operation's annual organic inspection. NICS is accredited under the OPT Grass-Fed Program to conduct inspections as well as make OPT Grass-Fed certification determinations. Please contact NICS for more information about the OPT Grass-Fed Program, its standards, or the application process.

Add-on Certification Fee: **\$350**
Applicable NOP organic certification and inspection fees also apply.

Please complete this form and return it to the NICS office along with your payment.
