## Material Input Review Request

Please complete the information requested on this form for materials you plan to use as part of your organic system plan which are not OMRI or WSDA listed and have not been reviewed by NICS. Include a label of the material requested for review which shows the material's manufacturer and ingredient information. NICS will review the material in order of receipt and will notify you of the material review. Please do not use a material that has not been approved for used in organic production by NICS, or you may jeopardize your organic certification. Please feel free to contact the office should you have any questions.
